Bring your own plate and mug to help us keep our school and community green. Help kick off a great school year with the staff and students of Gibbons School!

RCMP Tip of the Month

It is time to start thinking about children heading back to school. The first month of school is one of the most dangerous for pedestrians, cyclists and motorists. Please drive cautiously in and around school grounds as many

traffic safety actions have been forgotten since the last time school was in session. Motorists, please do not park in, block or impede cross walks, stop on the road way to unload passengers, or make improper U-Turns. Pedestri-

ans, please ensure that cross walks are utilized, proper checks are made before crossing, and sidewalks are used. Together we can all help ensure that everyone gets to school safely.

Giving Thanks

The Gibbons Community Services Board would like to thank the Boonstock organizers for their generous donation of water guns to the Town of Gibbons Summer Programs in the Park. Your donation was greatly appreciated!
